OUR HISTORY

The Tagos Group was founded in 2007 as a supply chain integrator by a team of professionals with executive supply chain and corporate leadership experience in the energy sector.

With our extensive background in creating and implementing strategies and solutions for Fortune 500 companies, we soon attracted the attention and gained the trust of leaders across the energy sector. Our consistent delivery of excellent services, solutions, and value to our customers has impressed existing clients, who have continued to award us new business.

OUR COMMITMENT TO DIVERSITY

As a nationally certified MBE company, The Tagos Group understands the value of diversity. We are committed to recruiting and hiring a diverse team of professionals. The importance and value of diversity is not only inherent within our business but is also critical to many of the businesses we support. We are always fully engaged and accountable in providing valued services and solutions to our customers.
